

High Quality Access Hatches & Hinges

Imtra Access Hatches combine sleek styling, convenient features, and unequalled durability.

Exceptional performance and attractive design make Imtra Access Hatches the ideal choice for both power and sailing yachts. We offer a range of rectangular and round access hatches in a variety of styles and colors. Made of durable UV-resistant ASA plastic, our hatches feature a soft gasket which ensures a weather-tight seal. Each lid is reinforced with a non-skid surface and can be positioned vertically or horizontally.

Cover hinges 180° and lays flat to deck while open

Series 4000 Rectangular Hatches

Our latest boat hatches, available in three sizes. All feature full, 180° opening lids (inset above). Easy installation, low-profile styling, CE-Approved.

Series 3000 Round Hatches

Round hatches featuring removable cover and positive latch with flip-up ring handle. Low-profile styling with screwhead covers.

Snap-Apart Hinges

These clever hinges make removing door panels a breeze! When assembled, they are fully functional hinges. Pull the sprung trigger to separate the two halves of the hinge so the door easily comes away from its housing. Available in bronze, chrome, or plastic (black or white).

Series 4000 Rectangular Hatches

Standard features include:

- Cover opens 180° and lays flat to deck when open
- Strong rotating waterproof handles
- Continuous cutout for easy installation
- Fasteners hidden by cover
- Low-profile styling
- Non-skid surface
- Supports normal crew traffic
- Optional locking assembly (large size only)
