

IML LED Engine Room Light

A low-profile and versatile LED utility light fixture ideally suited to illuminate engine rooms or battery compartments. Other uses include utility areas, aft deck garages, and genset spaces offering a convenient surface-mount design. Bright-white wide angle LED output is featured with extremely low power consumption. Vibration and shock-proof means no more delicate fluorescent bulbs to change. DC models are available with the ability to choose between integral switch and non switched versions.

An excellent choice for:

- Utility rooms
- Engine rooms
- Generator spaces
- Bilge areas & holds
- Closets & lockers

IML LED Engine Room Light

Features

- Durable ABS housing
- Flexible polycarbonate lens
- Solid state circuitry
- Optional switch

Benefits

- Substantial power savings
- High lumen output
- Maintenance free; no more bulb changes

IML LED Engine Room Light

Advanced LED Solutions

Imtra is at the forefront in the development of LED products for today's marine market.

We are proud to offer a family of first-in-class high flux LED lights that combine proprietary drive electronics with advanced optics and efficient thermal management techniques.

Imtra PowerLEDs let builders and boat owners enjoy all the advantages of the latest LED technology, backed by Imtra's expertise and support.
