# SNAP-APART HINGES

These clever hinges make removing door panels a breeze! When assembled, they are fully functional hinges. Pull the sprung trigger to separate the two halves of the hinge so the door easily comes away from its housing. Available in bronze, chrome, or plastic (black or white).

## Features and Benefits

- Easily remove hatches, engine covers, doors for access, cleaning or stowing
- No tools required for use
- Mount vertically or horizontally
- Two hinges included in each set
- Made in New Zealand
