

NorSap Large Table Column

The NorSap removable table pedestal is designed for larger tables. The twist-lock base allows for a table to be removed and stowed with only a flush deck mount left behind. Multiple mount locations are available with added deck flanges. The removable column is designed to lock into deck flange to prevent twist-lock feature to loosen.

NorSap Twist-Lock Movable Table Column, Polished Aluminum Large Tube diameter with Stainless Steel Base, Fixed Height: 28.5"

NS46953-023
