

W12 Wiper Systems

Our W12 Wiper Systems feature a powerful motor that provides a robust upgrade to the waterproof and standard motor. Features on this new water-resistant motor include integrated heat sinks and adjustable sweep angles. Choose from our standard or heavy duty blades and arms to complete your system.

WIPER MOTORS

Features & Specifications

- More powerful motor
- Water-resistant housing (IP65)
- Stainless steel shaft
- Integrated heat sinks for proper and efficient heat management
- Easy sweep angle adjustable (45°-110°)
- 2-speed, 12Nm motor
- 12V-5A / 24V-3A
- Three shaft options: 1.5, 2.5 and 3.5mm
- Self-parking (to port or starboard)
- 3-Year Warranty
