

Montauk LED

This elegantly appointed low profile LED courtesy light features soft rounded edges that blend in perfectly with its environment. It features the latest generation voltage regulated SMD LEDs from Osram. The circuit board is designed to optimize light output and extend operating life of the LED diodes. The result is high performance and consistent light output over an extremely wide voltage range.

An excellent choice for:

- Courtesy lighting
- Companionway lighting
- Low level cockpit illumination
- Transom steps

Montauk LED

Features

- Stainless steel trim ring
- Low profile design
- O-ring seal
- Solid state circuitry
- Consistent lumen maintenance across voltage range

Benefits

- Substantial power savings
- Greater visibility (compared with halogen)
- Maintenance-free; no more bulb changes

Montauk LED

Advanced LED Solutions

Imtra is at the forefront in the development of LED products for today's marine market.

We are proud to offer a family of first-in-class high flux LED lights that combine proprietary drive electronics with advanced optics and efficient thermal management techniques.

Imtra PowerLEDs let builders and boat owners enjoy all the advantages of the latest LED technology, backed by Imtra's expertise and support.

Finish Options

Stainless
Steel
IP65

White
IP65

Satin
Nickel
IP40

Color Options

Warm
White

Cool
White

Red

Blue

Warm/Red
Bi-Color

Mechanical

Housing Material

Polycarbonate

Mounting Method

Screw-Mount

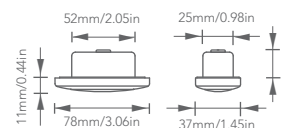

Dimensions

Trim Ring:

3.06" (78mm) x 1.45" (37mm) x
0.44" (11mm)

Cutout Diameter: 2.05" (52mm) x
.98" (25mm)

Recessed Depth: 0.88" (22mm)

Electrical

Power Consumption

0.5W

Voltage

12V (10-15VDC) or 24V (21-30VDC)

Protections

Reverse Polarity
Current Regulated Output

Certifications

MADE IN
U.S.A.
